

**BROMSGROVE
AND REDDITCH
OPEN
SPACES** Bromsgrove and Redditch
Open Spaces (BROS) is a new
initiative that's bringing
together everyone who has an
interest in their local open
spaces.

Open spaces are anything from country parks to allotments, nature reserves to community gardens, pathways to playing fields. We want to create a network where groups can help each other, volunteers can get involved, and young people will get excited about the outdoors.

We want to hear from

- Groups who care about their local environment and want to be part of a larger community
- People that want to volunteer, or help their local green spaces
- Organisations that would like to get involved in their open spaces by working together or volunteering
- Anyone with communal or shared spaces, such as a churchyard, a small plot in a housing estate, a school with a green area.

Groups will be able to share their experience, volunteers can find out where they are needed, and together we can raise money and bid for funding. Together we can make a real difference.

If you would like to find out more about BROS or be added to the email list please let us know at **bro@barn.org.uk**.

Bromsgrove and Redditch Network is helping BROS get started. Find out more about BROS by calling **01527 60282** or visiting
